GREETINGS FOR 1950

Another spring before us with all the wonderful, new creations produced by the Master Hybridizers to thrill us and make our gardens more beautiful.

Our offerings this year include twenty-four new English Chrysanthemums we have imported and by the way, do you know that in England these English chrysanthemums are grown extensively for the cut flower trade. Included in the new importations is a bevy of early blooming beauties listed as THE SWEETHEART SERIES. We are also listing the new 1950 introductions of BRISTOL, DR. KRAUS and MR. LEHMAN. Study them and choose what you think will fit in your garden scheme.

In the Iris section we are listing many of Mrs. Whiting's Iris. Mrs. Whiting was presented a gold medal in 1948 for her wonderful work of hybridizing. All of her creations are meritorious and every garden should have a few of them.

In the HEMEROCALLIS section you will find many of Mr. Russell's creations. These are also worthy of your consideration.

We are again treating those Mums with BLACK GOLD. Remember what it done for your mums last year?

This year we are expanding our BONUS proposition. The more you order, the more you can choose at no extra cost. This is not a cash discount but is sent you in stock of your own choosing. This is how the bonus works out.

**You buy \$3.00 to \$10.00 and select 10% of your total order.
\$10.50 to \$15.00—Select 15% of your total order.
\$15.50 to \$25.00—Select 20% of your total order.
\$25.50 and up —Select 25% of your total order.**

If you decide to order any bonus stock from the catalogue that demands a different shipping date than your original order, please add 25c to help pay for packing and shipping.

We pay the postage on all orders of \$2.00 or more. Any orders for less than \$2.00 please add 25c to help pay for packing and shipping.

Wishing you success and satisfaction with your flower garden this year

We remain,
HARRY AND OPHELIA SHOEMAKER.

Below, you will find twenty-four new English Mums that were imported by us from Canada. We hope these will meet with your approval as we tried to pick out varieties that we thought would please most of our customers. (Shipment of Mums start May 1st).
